

**TMMOB  
CHAMBER OF CIVIL ENGINEERS  
ISTANBUL BRANCH**

## **GRADUATE STUDENT CONFERENCE TRANSPORTATION - 2025 FALL SEMESTER**

**November 21-22-23, 2025 / İstanbul**

**Organized by TMMOB Chamber of Civil Engineers Istanbul Branch**

### **Aim and Scope**

The Chamber of Civil Engineers Istanbul Branch Graduate Student Conference (<https://ogrenci.imo.org.tr/>) is an event where students enrolled in master's and doctoral programs in the Department of Civil Engineering present their publications produced from their thesis work in written and oral forms. The main purpose of the event is to enable students to fulfill the publication requirement for their graduation. Additionally, it aims to create a platform for sharing and discussing the scientific research conducted within the scope of their theses with Chamber members and other interested parties.

### **Conference Topics**

The Chamber of Civil Engineers Istanbul Branch Graduate Student Conference is being held for the first time. In this pilot event, only publications produced from theses prepared in the “transportation” field of the Civil Engineering only will be considered for evaluation. Papers from other fields of civil and other disciplines will not be considered. It is planned that the conferences, which are intended to be held twice a year in accordance with the graduate degree schedules (during the spring and fall semesters), will cover all sub-fields of Civil Engineering in future periods.

### **Call for Papers**

Papers must be submitted digitally to the relevant address in the format specified below, within the dates indicated, as an abstract, extended abstract, or full text. Each master's and doctoral candidate may submit only one paper to the conference. Using the template given, a signed statement (see Paper Submission) from the thesis advisor confirming that the submitted paper has not been previously published elsewhere must be uploaded during the paper submission process. The authors of the paper must be the thesis student and advisor. A co-advisor and other individuals may be included in the author list, with their contributions specified in the paper.

There are options to attend the conference in person or online. Papers may be written in Turkish or English. Oral presentations must be delivered in the language of the submitted paper. The student who prepared the thesis is expected to make the oral presentation. The participation certificate will be issued only in the name of the presenter. No participation certificate will be issued for papers without making an oral presentation.

Abstracts, extended abstracts, or full papers submitted will be compiled into an ISBN-numbered digital book and published in the Chamber's electronic library following the conference. For the paper to be included in the digital book, the paper must be presented verbally at the conference.

Submitted papers will be reviewed by at least two members of the Scientific Committee. Thesis advisors who submit papers to the conference together with their students will be deemed to have accepted to serve on the Scientific Committee to be formed. Evaluation reports will be shared with the applicant before the conference to contribute to the improvement of the paper and thesis.

## Paper Submission

Papers may be submitted as abstracts, extended abstracts, or full-text files. Papers must be prepared in Word format, following the formatting guidelines and template provided below. The Word file must be uploaded to the GSC2025 conference at the Microsoft CMT address provided on the dates specified below. Submissions via email or physical mail will not be accepted.

For paper formatting guidelines (templates), thesis advisor declaration, and submission procedures, please visit <https://ogrenci.imo.org.tr/>. All the authors must register (create an account) for the Microsoft Research CMT (Conference Management Toolkit) system at <https://cmt3.research.microsoft.com/GSC2025/>.

## Important Dates

Submission of the paper (abstract, extended abstract, or full text)	September 26 – October 10, 2025	Notification of revised paper review results	November 14, 2025
Notification of paper review results	October 27, 2025	Deadline for submitting the conference participation fee receipt	November 17, 2025
Deadline for submission of revised paper	November 3, 2025	Conference dates	November 21-23, 2025

Publication date of the digital proceedings: December 14, 2025

(Proceedings Book: Proceedings will be published as an e-book on the website within 21 days following the conference.)

## Scientific Committee

Will be announced during the review process of the papers.

## Organizing Committee
